

ANIMALS FROM AROUND THE WORLD

These simple and fun coloring pages feature animals from the various countries where Unbound works, as well as the shapes of the countries. Children can learn while they have fun.

SUGGESTED USE

We recommend using these coloring pages one at a time over the course of two to three weeks, or maybe spread them out over a semester. Copy and distribute one sheet to each child. Let them be as creative as they like in coloring the pictures. When they're finished, show them a photo or slide of what the animal actually looks like. Then show them on a map or globe where the country the animal comes from is located.

Prayer

Loving God, the Bible tells us that everything you made is good, including the beasts of the earth and the birds of the sky. Teach us to be respectful of the natural world and to treat all living things kindly and humanely while enjoying each creature's specialness. We ask this in your most holy name. Amen.
