

FUN FACTS AND ACTIVITIES ABOUT LATIN AMERICA

This is one of three activity packets designed to help students have fun while learning about the various regions of the world where Unbound works. The Latin America packet features activities, puzzles and facts about the Dominican Republic, Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica, Colombia, Ecuador, Peru, Bolivia and Chile.

SUGGESTED USE

The activity packet is designed to be adaptable for a teacher's needs. It could be used for a comprehensive unit on Latin America, or the activities could be spread out throughout a semester. The puzzles and coloring pages could also be used individually as "rainy day" activities.

Be sure to see our activity packets for Africa and Asia, too!

Prayer

Loving God, the people of Latin America have contributed much to the life and culture of the world, and we are grateful to have them as our neighbors. Thank you for the traditions, languages, foods, clothing and all the beauty of the Americas. Help us to remember that we are but one part of a wondrous and varied hemisphere. We ask this in your most holy name. Amen.
