safety reasons. **Unbound's local staff will meet all travelers at the airport who arrive on the scheduled arrival day within the stated hours. Do not accept offers of transportation from anyone other than the Unbound team.** Activities will begin on Sept. 15.

Partway through the trip, the group will travel together by air from Kenya to Uganda. Participants are responsible for booking their flight from Nairobi, Kenya (**NBO**), to **Entebbe International Airport (EBB)**, located just south of Kampala in Uganda. The date, airline, and flight number will be provided in the confirmation letter. The last scheduled activity in Uganda will occur the afternoon of Sept. 23. Participants should depart Entebbe (**EBB**) between 4:30 p.m. and 11:30 p.m. on Sept. 23. Participants returning to the U.S. will arrive in the U.S. on Sept. 24.

## Accommodations and Food

All trip participants will stay in simple accommodations, usually in some type of retreat center or hotel. Private rooms are available for married couples and families. Individuals will be assigned a roommate. Running water for showers is readily available, but it may not be heated. **Tap water is unsafe for drinking.** The project will provide bottled water. Alcoholic beverages are not included in the trip fee.

Participants will eat simple meals that reflect the local cuisine. All food is prepared with purified water. All meals will be eaten with the group. Do not purchase food from street vendors. Meals are often served at a later hour than most Americans are accustomed to eating. We recommend bringing snacks such as dried fruit and nut mixes, raisins, granola bars, etc., as you may want something to eat between scheduled meals.

Participants wishing to use personal electronic devices should carry an adapter and a converter. The **electrical current** in Kenya and Uganda is 240V versus the 120V in the U.S. The shape of the plugs is also different. A type G outlet plug is used. Diagrams of the outlets are available at [www.electricaloutlet.org](http://www.electricaloutlet.org).

## Climate

The Central Highlands and Rift Valley areas of Kenya enjoy the most agreeable climate in the country. There are two rainy seasons from mid-March to the end of May and October to the end of November. In September, the average temperatures range from the low 50s at night to the mid 70s during the day. Nairobi is located at an altitude of 5,672 feet above sea level and the group may travel to altitudes as high as 7,000 feet above sea level. Most of Uganda enjoys a tropical climate tempered by altitude, with highs in the mid 70s and lows in the mid 60s. Expect humid conditions in Uganda, with rain showers possible at anytime.

## Health/Medical Preparations

**An international yellow fever vaccination or a certificate from your medical doctor is required to obtain a Ugandan tourist visa. Contact your medical doctor or local health department for immunization recommendations based on your health history.** The Centers for Disease Control and Prevention website at [www.cdc.gov/travel](http://www.cdc.gov/travel) has country specific recommendations regarding immunizations. You may also contact them by phone at 800-CDC-INFO (800-232-4636). According to the CDC the regions of Uganda and Kenya with malaria include areas that will be visited by our trip. Staff members of Unbound are not qualified to offer advice on immunizations.

You should also consult with your medical insurance company prior to traveling to confirm whether your policy applies in a foreign country. **If your policy does not cover emergency expenses such as a medical evacuation, we urge you to consider the purchase of temporary travel insurance.** Many insurance plans, including Medicare, do not cover treatment outside of the U.S. You may find further information on travel insurance through a travel agent or through research on the Internet.

Because this trip travels to high altitudes, travelers should be aware of the risks of altitude illness and how altitude can affect certain medical conditions.

## Currency Exchange and Handling

The local currency is the **Kenyan shilling (KES)** and the **Ugandan shilling (UGX)** is used in Uganda. Your lodging, food and in-country transportation are included in the trip fee. You should bring additional money for the purchase of snacks and souvenirs. You should not carry bills in denominations greater than \$20 because they may be difficult for local banks or vendors to exchange. Do not bring torn or severely worn currency. You can bring U.S. dollars into the country. You will be provided with an opportunity to exchange money upon arrival either at the airport, at the lodging, or another method. Traveler's checks are not recommended, and ATMs are not readily available.
